Empowerment, Equity and Excellence!

My Triple E - Intentions and Goals for BIG are:

- Meet with individual Regions and Chapters to identify major EEO and career development concerns and to encourage the development of programs and activities to address them.
- Collaborate with Agency Senior Management to share Blacks In Government 's (BIG) goals and objectives, to discuss how BIG can partner with Agencies to develop young federal employees through the National Training Institute and the Darlene H. Young Leadership Academy.
- Promote and assist Chapter membership drives that focus on our federally employed young professionals, millennials, and the NOW generation.
- Encourage and assist in the development of Millennials' interactive training through video and gamification on tablets and mobile devices to inspire their participation.
